Subject: RE: SAWS cases

NO... you do not say anything about it being a SAWS case. Just tell them that it has been submitted by you for and appears to be going through some additional review which happens every now and again. I would have them contact either Peter or myself.

Brandon

Remind me the USPTO policy regarding SAWS cases.
If Applicant calls me (which they will) asking me regarding the status of an Application that I have allowed but is under SAWS flag, what should I tell them? That the case is under SAWS review and for an update they should contact Peter Paras?

Thanks
